

*SPECIFICATION AMENDMENTS*

On page 49, paragraph [0166]: **Generation of Anti-SCC-112 Antibody:** A rabbit polyclonal antibody was generated against a peptide representing 20 amino acid residues (aa) at the C-terminus of the ~~SCC-12~~ SCC-112 protein (1278,1297, KLQDLAKKAAPAERQIDLQR (SEQ ID NO:3)). This peptide was coupled to keyhole limpet hemocyanin and injected into rabbits. Custom antibody production services of the Zymed Laboratories, Inc., (San Francisco, CA) were used for production of the rabbit anti-SCC-112 antibody.
